DETAILED ACTION

Information Disclosure Statement

The IDS filed 10/31/2003 has been considered and placed of record. An initialed copy is attached herewith.

Specification

The disclosure should be carefully reviewed to ensure that any and all grammatical, idiomatic, and spelling or other minor errors are corrected.

The disclosure should be carefully reviewed to ensure that any and all grammatical, idiomatic, and spelling or other minor errors are corrected.

Claim Objections

Claims 1-9 are objected to because of the following informalities: Regarding claim 1, paragraph (f) is written awkwardly because of its reference to step (e).

Regarding claim 3, the terms “a maximum output voltage” and “a minimum output voltage” are confusing since they are referred to the already defined terms in claim 1.

Regarding claim 9, the reference to the “car battery” is vague since it is unsure whether the car battery is the external dc source or the charging apparatus.

Other claims are objected to because they are dependents of objected claim(s).

Appropriate correction is required.

Art Unit: 2838
